1. This application is in condition for allowance except for the following formal matters:

Applicant is requested to file an amendment to amend claims 18-28 and 38-40 to overcome 35 USC §101 rejections as as described below.

Prosecution on the merits is closed in accordance with the practice under *Ex* parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire TWO MONTHS from the mailing date of this letter.

- 2. Claims 18-28 and 38-40 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. The language of the claim "A tangible, computer-readable medium" raises a question as to whether the subject matter is new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement in accordance with USPTO's Guideline. Examiner suggests applicant replaces with "A computer readable device" or "A non-transitory computer-readable medium" to overcome the 35 U.S.C. 101 rejection.
